JUL 30 1941

CURRENT LIST of MEDICAL LITERATURE

Medical Library

VOL. 1 July 23, 1941 No. 30

1. Anatomy, Embryology, Morphology
2. Anthropology, Ethnology
3. Bacteriology, Microbiology
4. Biology
5. Cancerology
6. Cardiology
7. Chemistry
8. Dentistry, Stomatology
9. Dietetics, Metabolism
10. Endocrinology
11. Gastroenterology
12. Genetics, Eugenics
13. Gynecology, Obstetrics
14. Histology, Cytology
15. Homeopathy, Osteopathy, etc.
16. Hospital Publications
17. Hygiene, Public Health, Sanitation
18. Immunology, Infectious Diseases
19. Industrial Medicine, Insurance
20. Jurisprudence, Criminology
21. Medical History
22. Medicine, Clinical, Internal
23. Medicine, Laboratory, Diagnosis
24. Medicine, Military and Naval
25. Medicine, Tropical
26. Medicine, Veterinary
27. Neurology, Neurosurgery
28. Ophthalmology, Optics
29. Otorhinolaryngology and Phoniatry
30. Parasitology, Entomology
31. Pathology (general)
32. Pediatrics, Child Welfare
33. Pharmacology, Pharmacy
34. Physiology
35. Psychiatry, Psychology
36. Radiology
37. Societies, Miscellaneous
38. Statistics
39. Surgery
40. Therapeutics
41. Tuberculosis
42. Urology
43. Venereology, Dermatology
44. Zoology

Privately published under the auspices of the

EXECUTIVE COMMITTEE OF THE

FRIENDS OF THE ARMY MEDICAL LIBRARY

Washington, D. C.

United States Army Publications pertaining to the Medical Department

1. The following technical manuals have been published and are for sale by the Superintendent of Documents, Government Printing Office, Washington, D. C.

Number	Title	Cost	Published
TM 8-220	"Medical Department Soldier's Handbook"	.75	March 5, 1941
TM 8-300	"Notes on Eye, Ear, Nose, and Throat Aviation Medicine"	.35	
TM 8-305	"Notes on Cardiology in Aviation Medicine"	.25	Nov. 12, 1940
TM 8-310	"Notes on Physiology in Aviation Medicine"	.15	Oct. 21, 1940
TM 8-320	"Notes on Psychology and Personality Studies in Aviation Medicine"	.35	Jan. 27, 1941
TM 8-325	"Outline of Neuro-psychiatry in Aviation Medicine"	price not shown	Dec. 12, 1940
FM 21-10	Basic Field Manual "Military Sanitation and First Aid"	.25	July 31, 1940
	Medical Field Manuals		
FM 8-10	"Medical Service of the Division"	.35	Nov. 27, 1940
FM 8-15	"Medical Service of the Corps and Army"	.10	Feb. 25, 1941
FM 8-35	"Transportation of Sick and Wounded"	.25	
FM 8-40	"Field Sanitation"	.25	
FM 8-45	"Records of Sick and Wounded"	.25	
FM 8-50	"Splints, Appliances and Bandages"	.20	Sept. 11, 1940
FM 8-55	"Reference Data"	.10	March 5, 1941

2. The manuals listed below have been completed but are not published as yet. Notice of publication will appear at a later date.

Number	Title
FM 8-20	"Tactics and Technique of Medical Service of Theatre of Operations"
FM 8-30	"Manual for Medical Department Officers"
TM 8-225	"Dental Technicians"
TM 8-227	"Laboratory Technicians"
TM 8-233	"Pharmacists"
TM 8-238	"Veterinary Technicians"
TM 8-240	"Roentgenological Technicians"
TM 8-250	"War Casualties"
TM 8-255	"Military Preventive Medicine"
TM 8-260	"Neuro Surgery"
TM 8-275	"Roentgenology"
TM 8-285	"Prevention and Treatment of Casualties from Chemical Agents"
TM 8-450	"Veterinary Administration"
TM 8-455	"Veterinary Sanitation"
TM 8-500	"Hospital Diets"

Note. FM indicates a Field Manual,
TM indicates a Training Manual.

1. Anatomy, Embryology, Morphology

Am. J. Anat., 1941, 69:

MILLER, R.A. The laryngeal sacs of an infant and an adult gorilla. 1-17.
HUMPHREY, R.R. Adult artificial hermaphrodites in Amblystoma tigrinum and mexicanum. 19-59, incl. 3 pl.
DEY, F.L. Changes in ovaries and uteri in guinea pigs with hypothalamic lesions. 61-87.
POMERAT, G.R. Mitotic activity in the pituitary of the white rat following castration. 89-121, 2 pl.
SCHOOLEY, J.P., RIDDLE, O., & BATES, R.W. Replacement therapy in hypophysectomized juvenile pigeons. 123-57, incl. pl.

2. Anthropology, Ethnology

Am. Anthrop., 1941, 43:

FORD, J.A., & WILLEY, G.R. An interpretation of the prehistory of the eastern United States. 325-63.
RAINEY, F. The Ipiutak culture at Point Hope, Alaska. 364-75, 6 pl.
DAVIS, K. Intermarriage in caste societies. 376-95.
GOLDMAN, I. The Alkatcho Carrier; historical background of crest prerogatives. 396-418, tab.
LOTHROP, S.K. A cronological link between Maya and Olmeca art. 419-21.
RANSOM, J.E. Aleut semaphore signals. 422-7, pl.
HUMPHREY, N.D. A characterization of certain associations. 428-36.

3. Bacteriology, Microbiology

J. Bact., Balt., 1941, 41:

NORMAN, A.G., RICHARDS, L.A., & CARLYLE, R.E. Microbial thermogenesis in the decomposition of plant materials; an adiabatic fermentation apparatus. 689-97.
CARLYLE, R.E., & NORMAN, A.G. Microbial thermogenesis in the decomposition of plant materials; factors involved. 699-724.
WEDBERG, S.E., & RETTGER, L.F. Factors influencing microbial thermogenesis. 725-43.
RENTSCHLER, H.C., NAGY, R., & MOUROMSEFF, G. Bactericidal effect of ultraviolet radiation. 745-74.
MC CALLA, T.M. The absorption of H^+ by bacteria as measured by the glass electrode. 775-84.

4. Biology

Acta biotheor., Leiden, 1939-41, 5:

LAFLEUR, L.J. Relativity in biology. 169-76.
LAFLEUR, L.J. Theoretical biochemistry. 177-83.

Biologico, S. Paulo, 1941, 7:

BUENO, P. As diarreias dos leitoes. 125-7.
LEPAGE, H.S. O brometo de metila como insetícida. 128-34.

Rev. Soc. argent. biol., 1941, 17:

HOUSSAY, B.A., SMYTH, F.S. ET AL. Accion diabetogena de la hipofisis de diversos animales sobre los mamiferos. 5-25.
HOUSSAY, B.A., DEL CASTILLO, E.B., & PINTO, A. Accion de la suprarrenalectomia sobre el timo y los ganglios. 26-39.

5. Cancerology

Mschr. Krebsbekampf., 1941, 9:

BURGKHARDT, F. Die zusatzliche biologische Behandlung des Krebses mit hochwertigen Kolistammen (Mutaflor) und Leberextrakten. 97-110.
NISSLE, A. Darmdysbakterie und Krebs. 110-22.

6. Cardiology

Am. Heart J., 1941, 21:

WALSH, B.J., BLAND, E.F. ET AL. The association of gall bladder disease and of peptic ulcer with coronary disease; a post-mortem study. 689-98.
WEINBERG, H.B., & KATZ, L.N. A common electrocardiographic variant following acute myocardial infarction; the T_N type. 699-712.
GARVIN, C.F. Mural thrombi in the heart. 713-20.
LINTON, R.R., MORRISON, P.J. ET AL. Therapeutic venous occlusion; its effect on the arterial inflow to an extremity, as measured by means of the rein thermostromuhr. 721-42.
BALDES, E.J., HERRICK, J.F. ET AL. Studies on peripheral blood flow. 743-55.
ABRAMSON, D.I., ZAZEELA, H., & SCHKLOVEN, N. The vasodilating action of various therapeutic procedures which are used in the treatment of peripheral vascular diseases; a plethysmographic study. 756-66.
BECK, C.S., & MAKO, A.E. Venous stasis in the coronary circulation; an experimental study. 767-79.
MONTGOMERY, H., NAIDE, M., & FREEMAN, N.E. The significance of diagnostic tests in the study of peripheral vascular disease. 780-803.
HOBBS, L.F. Paroxysmal tachycardia in infancy; report of case. 804-6.
ABBOTT, O.A. Vegetative endocarditis in an auricular septal defect. 807-10.

Brit. Heart J., 1941, 3:

BAIN, C.W.C. Variable ventricular complexes in heart block, and their relation to bilateral bundle branch block. 75-92.
BEDFORD, D.E., & LOVIBOND, J.L. Hydrothorax in heart failure. 93-111.
EVANS, W., & PAXON, T. A comparison of the mercurial diuretics used in heart failure. 112-20.
GRAHAM, J.G., & KERR, J.D.C. Coarctation of the aorta with patent ductus arteriosus. 121-6.
BARBER, H., & OSBORN, G.R. A fatal case of myocardial contusion. 127-31.
BAIN, C.W.C., & WRAY, S. Ruptured aortic valve with mycotic aneurysm due to acute bacterial endocarditis. 132-8.

Zschr. Kreislaufforsch., 1941, 33:

STEINMANN, B. Beitrag zur Kenntnis des Schenkelblockelektrokardiogramms. 345-70.

REIN, H. Kreislauf und Stoffwechsel. 370-3.
KRAMER, Kreislauf und Stoffwechsel im arbeitenden Muskel. 375.
WEZLER. Zur vegetativen Steuerung von Kreislauf und Gaswechsel beim Menschen. 377.
THAUER. Zur experimentellen Sicherung der physikalischen Schlagvolumbestimmungsmethoden. 378.
HAUSS, TIETZE, & FALK. Ueber reflektorische, vom Sinus Caroticus gesteuerte Blutvolumanderungen und Blutverschiebungen. 379.
REINDELL, H. Kymographische Beobachtungen uber die erhohte Restblutmenge beim Gesunden. 380.
GRAFE, E. Ueber die Bedeutung von Ernahrung und Stoffwechselkrankheiten fur Entstehung und Verschlimmerung von Kreislaufkrankheiten. 381.
GROTE, L. Ernahrung als therapeutischer Faktor bei Kreislaufkrankheiten. 383.
SCHENK, P. Ernahrung und Herzleistung. 384.
SPARMANN. Hyperthyreosen und Kreislaufschaden. 385.
KLOTZ. Periphere Kreislaufstorung und Gewebsazidosis. 386.
ROTHSCHUH, K. Ueber das Auftreten von Fernpotentialen bei ortlicher Aktionsstromableitung. 386.
BECHER, E. Bigeminien des Liquorpulses in der Lumbalgegend bei regelmassigem Radialispuls. 387.
DIETRICH, S. Die Blutdruckregulation bei Einwirkung der Schwerkraft in wechselnder Richtung und ihre Storungen. 387.

7. Chemistry

J. Biol. Chem., 1941, 137:

LOCKHART, E.E., & POTTER, V.R. Studies on the mechanism of hydrogen transport in animal tissues; reactions involving cytochrome C. 1-12.
POTTER, V.R. Studies on the mechanism of hydrogen transport in animal tissues; cyanide inhibition of cytochrome C reduction. 13-20.
FASHENA, G.J., & STIFF, H.A. On the nature of the saccharoid fraction of human blood identification of glucuronic acid. 21-7.
LEVENE, P.A. Methylation of hexasamines. 29-39.
HOGAN, A.G., POWELL, E.L., & GUERRANT, R.E. Anemia from lysine deficiency in deaminized casein. 41-9.
FOLCH, J., & SCHNEIDER, H.A. An amino acid constituent of ox brain cephalin. 51-62.
STADIE, W.C., ZAPP, J.A., JR., & LUKENS, F. D.W. Intermediary metabolism in diabetes mellitus; on the synthesis of carbohydrate from fat in the liver and from acetoacetate in the kidney. 63-74.
STADIE, W.C., ZAPP, J.A., JR., & LUKENS, F. D.W. Intermediary metabolism in diabetes mellitus; the nonformation of acetic acid and the ratio of ketone body increase to fatty acid decrease in livers of diabetic animals. 75-87.
ROSS, W.F., & CHRISTENSEN, H.N. Carbon suboxide and proteins; the nature of the reaction. 89-99.
CHRISTENSEN, H.N., & ROSS, W.F. Carbon suboxide protein; the determination of malonic acid. 101-4.
ROSS, W.F., & GREEN, L.S. Carbon suboxide and proteins; the reaction of carbon suboxide with amino acids. 105-11.
DEAN, R.B. The determination of chloride in single isolated muscle fibers. 113-21.
DUBOIS, D. An apparatus for the study of rapid chemical reactions. 123-37.
PILLEMER, L., & ECKER, E.E. Anticomplementary factor in fresh yeast. 139-42.
BULL, H.B. Osmotic pressure of egg albumin solutions. 143-51.
1 BARKER, H.A. Studies on the methane fermentation; biochemical activities of Methanobacterium omelianskii. 153-67.
MARTIN, G.J., & LISCHER, C.F. Polyhydroxyanthraquinones affecting coagulation time in vitamin K deficiency. 169-71.
WELCH, A.D. The preparation of a casein hydrolysate for the study of the relationship between choline and homocystine. 173-81.
MAC KAY, E.M., WICK, A.N., & BARNUM, C.P. Hepatic glycogen formation by the isomers of alanine. 183-7.
2 KARJALA, S.A., HEIDELBERGER, M. Specific and non-specific cell polysaccharides of an avian strain of tubercle bacillus. 189-203.
ENGEL, L.L., THORN, G.W., & LEWIS, R.A. The urinary excretion of steroid compounds; normal male subjects. 205-15.
BLISS, S. Increased excretion of urinary ammonia in the dog following the intravenous injection of both natural and unnatural forms of certain amino acids. 217-25.
3 VIRTUE, R.W., & DOSTER-VIRTUE, M.E. Studies on the production of taurocholic acid in the dog; methionine sulfoxide. 227-31.
HARPER, H.A., & DEUEL, H.J., JR. The urinary pyruvate in thiamine deficiency. 233-8.
ROBINSON, H.W., & HOGDEN, C.G. The influence of serum protein on the spectrophotometric absorption curve of phenol red in a phosphate buffer mixture. 239-54.
LANGLEY, W.D. Urinary histidine; determination of histidine in urine; histidine in normal and in pregnancy urine. 255-65.
4 BARRON, E.S.G., DICK, G.F., & LYMAN, C.M. The chemical nature of scarlet fever toxin. 267-82.
ROBINSON, C.S., STEWART, D.E., & LUCKEY, F. The changes in composition of solutions of calcium chloride and calcium lactate in the intestine. 283-92.
BOWMAN, D.E. Some of the oxidation-reduction properties of the chorionic gonadotropic hormone. 293-302.
FRIES, B.A., ENTENMAN, C., ET EL. The deposition of lipids in various parts of the central nervous system of the de-
5 veloping rat. 303-10.
KLEIN, D. The determination of pyruvic acid in blood in the presence of acetoacetic acid. 311-16.
SAIER, E., WARGA, M., & GRAUER, R.C. Differences in calibration curves of androsterone and dehydrosoandrosterone. 317-23.
LINEWEAVER, H., & HOOVER, S.R. A comparison of the action of crystalline papain on native and urea-denatured proteins. 325-35.
6 KUNA, M., OVAKIMIAN, G., & LEVENE, P.A. The correlation of the configurations of α-amino-phenylacetic acid and of alanine. 337-42.
COLOWICK, S.P., KALCKAR, H.M., & CORI, C.F. Glucose phosphorylation and oxidation in cell-free tissue extracts. 343-56.
GLICK, D. Some additional observations on the specificity of cholinesterase. 357-62.
STRONG, F.M., FEENEY, R.E., ET AL. The riboflavin content of blood and urine. 363-
7 72.
STOKSTAD, E.L.R., ALMQUIST, H.J., ET AL. The carbohydrate component of the rice factor. 373-6.
SPERRY, W.M., & BRAND, F.C. A study of cholesterol esterase in liver and brain. 377-87.

BERGER, J., JOHNSON, M.J., & BAUMANN, C.A. Enzymatic hydrolysis of d-peptides. 389-95.

ASTWOOD, E. B., JONES, G.E.S. A simple method for the quantitative determination of pregnanediol in human urine. 397-407.

YANNET, H. The effect of alkalosis on the relationship between serum calcium and protein in vivo. 409-15.

PEREIRA, R.S. A new photometric method for the determination of iron. 417-28.

WINNICK, T., & GREENBERG, D.M. The use of optical rotation in the study of protein hydrolysis. 429-42.

LINDERSTROEM-LANG, K., & JACOBSEN, C.F. On the properties of 2-methylthiazoline and their relation to the protein problem. 443-55.

HOTTLE, G.A., LAMPEN, J.O., & PAPPENHEIMER, A.M., JR. Biotin as a growth factor for C2 03S strain of hemolytic streptococcus, group A. 457.

JANSEN, E.F., & BALLS, A.K. Chymopapain; a new crystalline proteinase from papaya latex. 459.

MORRISON, D.B., & WILLIAMS, E.F., JR. The solubility and titration of hemin and ferrihemic acid. 461-73.

HOROWITZ, N.H., & HEEGAARD, E. Experiments on the carboxylase of pea roots. 475-83.

BLIX, G., TISELIUS, A., & SVENSSON, H. Lipids and polysaccharides in electrophoretically separated blood serum proteins. 485-94.

BLIX, G. Electrophoresis of lipid-free blood serum. 495-501.

SPIEGEL-ADOLF, M., SEIBERT, F.B., & HENNY, G.C. X-ray studies on tuberculin proteins. 503-16.

ADOLPH, W.H., LIANG, C.C. Calcium in the alimentary tract of the rat. 517-23.

BROWN, H., KOLMER, J.A., ET AL. Studies on the chemical constitution of the antigenic substance in alcholic tissue extracts concerned in the serum diagnosis of syphilis. 525-33.

ABBOTT, L. DEF., JR., & LEWIS, H.B. Comparative studies of the metabolism of the amino acids. 535-43.

PANGBORN, M.C. A note on the purification of lecithin. 545-8.

CRAMER, R.D., & KISTIAKOWSKY, G.B. The synthesis of radioactive lactic acid. 549-55.

CONANT, J.B., CRAMER, R.D., ET AL. Metabolism of lactic acid containing radioactive carboxyl carbon. 557-66.

LINGANE, J.J., & DAVIS, O.L., Polarographic determination of riboflavin, vitamin B_2, and other vitamin B factors. 567-74.

JOHNSON, M.J., Isolation and properties of a pure yeast polypeptidase. 575-86.

CONSOLAZIO, W.V., & DILL, D.B. The determination of sodium. 587-92.

BARRON, E.S.C., FRIEDEMANN, T.E. Studies on biological oxidation; oxidations by microorganisms which do not ferment glucose. 593-610.

J. Phys. Chem., 1941, 45:

BINGHAM, E.C. Fluidity of electrolytes. 885-903.

EDDY, R.D., MACHEMER, P.E., & MENZIES, A.W.C. Retroflex aqueous solubility curves, and the respective solubilities of the monohydrate and monodeuterate of manganous sulfate in ordinary and in deuterium water. 908-15.

CIRCLE, S.J., & SMITH, A.K. The effect of formaldehyde on the isoelectric points of some proteins, determined by microelectrophoresis. 916-30.

SPIEGEL-ADOLF, M., & HENNY, G.C. X-ray analysis of protein denaturation. 931-7.

KING, G.B., & HOOPER, J.F. The solubility in water of the barium, calcium, and magnesium salts of sulfamic acid. 938-42.

1 HANKINSON, C.L., & BRIGG, D.R. Electrokinetics; the electroviscous effect; in systems of calcium and sodium caseinates. 943-53.

RANDALL, M., & TAYLOR, M.D. Heat capacity and density of aqueous solutions of potassium iodate, potassium acid sulfate, iodic acid, and sulfuric acid at 25°C. 959-67.

FRANCK, J., & HERZFELD, K.F. Contribution to a theory of photosynthesis. 978-1025.

MILLER, N.F. Investigation of the tension

2 mechanisms responsible for lens formation and a new method for measuring the angles of liquid lenses. 1025-45.

Kolloid Zschr., 1941, 95:

BOENING, P. Ueber die Temperaturabhaengigkeit des elektrischen Durchschlags fester Isolierstoffe. 181-5.

TAKEI, M., & ERBRING, H. Ueber die Konzentrationsabhaengigkeit der Viskositaet bei Azetylzellulose. 207-11.

3 BRINTZINGER, H. Kaliumsulfat-Zellstoff, ein neuer hochwertiger Zellstoff. 212.

8. Dentistry, Stomatology

Am. J. Orthodont., 1941, 27:

JOHNSON, J.E. The treatment of different types of malocclusion with the twin-wire mechanism. 289-307.

McCOY, J.D. Examples from practice showing

4 the necessity for differential diagnosis and the application of rational treatment principles. 308-22.

GRIEVE, G.W. Analysis of malocclusion, based upon the forward translation theory; technique of correction with the pin appliance. 323-39.

DINGMAN, R.O. The importance of case history taking in oral surgery practice. Oral Surg., 291-9.

REITER, E. The oral surgeon's responsibility in diagnosis. Oral Surg., 300-8, pl.

5 SOGNNAES, R.F. Studies on masticatory efficency; review of literature. Oral Surg., 309; passim.

WALDRON, C.W. Cystic tumors of the jaws; conservative and 2-stage operative procedures to prevent deformity and the loss of useful teeth. Oral Surg., 313-22.

BULBULIAN, A.H. Repair of facial defects with prosthesis using latex compound. Oral Surg., 323-7.

KLEINBERG, S. Traumatic internal derangement

6 of the temporomandibular joint. Oral Surg., 328-32.

CAHN, L.R. The diagnosis of tumors of the mouth. Oral Surg., 333-5.

BROWN, P.W. Adequate vitamin dosage. Oral Surg., 336-8.

THOMA, K.H. Multiple exostoses of the maxilla. Oral Surg., 339.

T., K.H. Fat soluble vitamins. Oral Surg., 341.

Brit. Dent. J., 1941, 70:

7 PINSON, K.B., & BRADBURY, R. A comparison between 3 methods of general anaesthesia in school dentistry including the administration of cyclo-propane. 395-8.

TAVENNER, R.W.H. Vitamin C deficiency and the potato. 398-400.

HARDY, N. Vincent's ulceration. 401.
HILLS, W.A.S. Sequelae of the premature removal of the deciduous teeth. 402-5.
SARGINSON, J.H. A case of implantation. 406.
HARRISON, S.M. A case of incomplete dichotomy of the maxillary first incisors. 408.

Dent. Items, 1941, 63:

PHILLIPS, W.H., & MAXMEN, H.A. Local anesthesia in operative dentistry for children. 620-38.
GREENWALD, C. Chicago's dental health program. 652-7.
BLAUSTEIN, S. Pain, a pathologic and psychologic approach. 658-62.
SCHWARTZ, J.R. Modern methods for tooth replacement; gold and its alloys for the construction of restorations. 674-83.
KAZIS, H. Planning and treatment for bite raising; bite revision, deep overbite. 684-99.

Deut. zahnaerztl. Wschr., 1941, 44:

KOERBITZ, G., JR. Funktion und Erscheinungsbild. 314-20.
MAYER, J. Lockerungszange fur endstaendige Zaehne. 320.
IMMING, G. Zur Frage der Schmerzbetaeubung bei intraoralen Abszesseroeffnungen. 321.

Schweiz. Mschr. Zahnh., 1941, 51:

HOCKENJOS, E. Anomalie der Zahl der seitlichen oberen Schneidezahne in vier Generationen. 355-9, pl.
MULLER, O. Ueber marginale Wurzelresorptionen. 359-62, 7 pl.
SPRENG, M. Metallplatten fur den zahnlosen Oberkiefer. 363-8, 8 pl.
VEST, G. Ueber die Behandlung von Unfallschaden des Gebisses mit Kronen- und Bruckenprothesen bei Jugendlichen. 369-79, 8 pl.
COMTE, E. Essai sur l'etude du developpement facial d'un individu normal. 380-6, 7 pl.
GUBLER, W. Prinzipielles zur Frage der Verwendung aktiver Plattenapparate. 387-97, 4 pl.
HESS, W. Prophylaxe der Pulpaerkrankungen und Lebenderhaltung der Pulpa. 397-404, 7 pl.
HOTZ, R. Orthodontisch-prothetische Behandlung eines Falles von Kiefergelenksaffektion. 405-7, 4 pl.
SCHMUZIGER, P., & HOTZ, R. Der Zurcher Photostat. 408-18, 8 pl.

9. Dietetics, Metabolism

Food Indust., 1941, 13:

HIGHLANDS, M.E., & BURNS, J.W. Poultry smoking tests indicate successful methods. No. 7, 46.
LEE, F.A., & BEAVENS, E.A. How to make naturally flavored maraschino-type cherries. No. 7, 52-4.
CRAGWALL, G.O. Precautions must surround addition of vitamin C. No. 7, 55.
STEWART, E.D. Methods of determining vitamin B_1 in foods. No. 7, 56-61.
GLABE, E.F. How to put vitamin A into foods made from flour. No. 7, 62.
DOYING, G.E., JR. Conference sets course to better national nutrition. No. 7, 64-6.

J. Nutrit., 1941, 22:

GREENBERG, D.M., & MILLER, W.D. Severe calcium deficiency in growing rats; serum calcium of individual animals during development of calcium deficiency. 1-6.

STREET, H.R., COWGILL, G.R., & ZIMMERMAN, H.M. Further observations of riboflavin deficiency in the dog. 7-24.
BODANSKY, M., & DUFF, V.B. Dependence of fetal growth and storage of calcium and phosphorus on the parathyroid function and diet of pregnant rats. 25-41.
WILGUS, H.S., JR., GASSNER, F.X., ET AL. The goitrogenicity of soybeans. 43-52.
SHUKERS, C.F., KNOTT, E.M., & SCHLUTZ, F.W. Magnesium balance studies with infants. 53-64.
HOAGLAND, R., & SNIDER, G.G. Nutritive properties of steam-rendered lard and hydrogenated cottonseed oil. 65-76.
SWANK, R.L., & BESSEY, O.A. Avian thiamine deficiency; characteristic symptoms and their pathogenesis. 77-89.
LAWRENZ, M., & MITCHELL, H.H. The effect of dietary calcium and phosphorus on the assimilation of dietary fluorine. 91-101.

10. Endocrinology

Endocrinology, 1941, 29:

HELLER, E.J., HELLER, C.G., & SEVRINGHAUS, E.L. Gonadotropic hormone; assays of human male urine. 1-7.
LEATHEM, J.H., & LEVIN, L. Gonadotropic action of normal male urine extract on ovaries of normal and hypophysectomized immature rats and of immature mice. 8-17.
GREEP, R.O., & STAVELY, H.E. Mammogen and the treatment of spayed hypophysectomized rats with lipoid extracts of cattle pituitary. 18-22.

ORDER BLANK MEDICOFILM SERVICE

Army Medical Library

7th St. and Independence Ave. Washington, D. C.

Space for order identification number to be inserted by Medicofilm Service

Remittance Amt. Due

Author and Title of Article to be copied

Name of Periodical

Volume	No.	Pages	Year

The Charge for Microfilm Copying is 25 cents for each complete article not exceeding 25 pages in length and 10 cents for each succeeding 10 pages or fraction thereof.
Remittances should be made payable to Medicofilm Service.
The *Address* to which the microfilm is to be sent should be typed or carefully written below. This part of the order blank will be used as the label in mailing the order.

From Medicofilm Service
Army Medical Library
Washington, D. C.
Postmaster: Photographic copies. 3d or 4th class matter. May be opened for postal inspection. Return postage guaranteed.
